2010 Organizational Sponsorship Program

*Preserving the past,
protecting the future*

Why should I sponsor AWPA?

AWPA Sponsors are organizations that understand the value of AWPA Standards to the Wood Protection Industry and to users of treated wood. They recognize that an open, consensus-based process is critical in developing reliable Standards that serve the needs of all interested parties. When organizations such as yours sponsor AWPA, it provides financial support for the standardization process and helps ensure our financial strength well into the future. AWPA recognizes its Sponsors according to the level of each Organization's contributions. If you are already an AWPA Sponsor, we thank you. If not, please consider becoming an AWPA Organizational Sponsor in 2010.
