

EXECUTIVE COMMITTEE “SAME BUSINESS ORGANIZATION” POLICY

(approved January 2023)

AWPA By-Laws, Article IV, Section 2 states “No two or more Executive Committee members in any year shall be members of the same business organization.” The By-Laws do not define the term “same business organization”. Therefore, until such time as the By-Laws are amended by the membership of the Association, the Executive Committee has adopted the following definition to limit the membership on the Executive Committee pursuant to its interpretation of the By-Laws:

“Same business organization” is hereby defined as a single firm, company, institution, or government agency, including organizations related by virtue of legal partnership, a parent/subsidiary relationship, or organizations related due to a majority ownership by a parent organization.
